## **Infant & Toddler Environments**

A well designed environment is essential for infants and toddlers' health and safety, as well as their social-emotional well-being. The environment also affects relationships and learning experiences.

This workshop will assist infant and toddler caregivers in providing safe, healthy and fun learning environments that stimulate children's development. We will explore the best designs for room arrangement and accessibility, plus tools that help assess health and safety in the environment.

**Target Audience: Infant & Toddler Teachers**

**Cost: FREE**

**Space is limited to 25, registration is required.**
