Saturday Presenter

Lisa Murphy has been in the field of early childhood education for over 30 years. She is the founder and CEO of OOEY GOOEY, Inc where her mission is to assist in the transformation of the profession by providing relevant & meaningful workshops.

Featured Sessions

Lisa Murphy on...Being Child Centered!

This session provides an in-depth exploration of the nine points of Lisa's approach to working with children. Via interactive lecture, true-to-life examples, anecdotes, and her signature "learning and laughing" style, this session presents what it really means to be a hands-on, play based, child-centered program.

Let's Go Outside!

This session begins with participants taking a walk-about that facilitates individual reflection on their own outdoor play experiences. Following a discussion of reactions and responses, Lisa shares resources that can be implemented immediately in family childcare and center-based settings.

Lisa Murphy on...PLAY!

This session will identify the seven things we need to do with children each day which make up the foundation that supports the house of higher learning. By making time to create, move, sing, discuss, observe, read, and play we are getting children ready for not just kindergarten, but for life.
