16TH ANNUAL CONSTRUCTION TRADES CAREER FAIR

The San Joaquin Area Apprenticeship Coordinators Association is made up of over 18 construction trade apprenticeship programs serving the greater San Joaquin area. The Construction Trades Career Fair Apprenticeship Pathway is designed to promote the different types of construction apprenticeships to area high school juniors and seniors. The primary goal is to educate students about construction careers and pathways to successful employment after high school. The career fair includes a presentation on the apprenticeship model for entering a rewarding career after high school.

Throughout the day, students will:

- Learn about the sample skill sets for specific trades.
- Gain information about careers within 18 different construction trades.
- Receive recommendations for courses they need to complete while in high school.
- Have the opportunity to participate in exciting, hands-on learning opportunities.

Registration will be coming soon.
