Tobacco Prevention Toolkit
Modules for tobacco and nicotine education

A new, theory-based and evidence-informed resource created by educators and researchers aimed at preventing middle and high school students' use of cigarettes, cigars/cigarillos, smokeless tobacco, hookah, and electronic cigarettes/vapes and other pod-based systems (e.g. JUULs).

WAYS YOU CAN USE OUR FREE TOOLKIT!

Develop a **new lesson** to deliver to your **entire school**.

Utilize our **integrated-material** for **all your classes** or create your own curriculum.

Present one of the Powerpoints at a community forum for **parents** and students.

Use as a resource for **one-on-one** meetings or in programs intended for students **quitting tobacco**.

Have your **youth present** to your Board of Education.

Link our Toolkit to your **website's** resource page.

Present at an annual **conference**.
