

SAN JOAQUIN COUNTY
OFFICE OF EDUCATION

Dinner with a Side of Digits

Dining and Discovering Math

The San Joaquin County Office of Education (SJCOE) invites K-12 educators and district leaders to a series of evening events with math publishers, featuring professional learning and a light supper. Join us for an insightful discussion on 21st-century math shifts with hands-on experiences, where our expert speaker will explore innovative strategies to enhance student learning and achievement. Don't miss this opportunity to gain valuable insights that can shape the future of math education for students in our county!

Free of Charge

A light supper will be provided.
