

TRANSFORMING THE TEACHING AND LEARNING OF MATHEMATICS

# MATH FRACTIONS

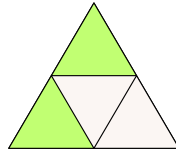

PROFESSIONAL DEVELOPMENT

April 30, 2024

8:30AM - 3:00PM

Can you believe in the 1980's, the owner of the restaurant franchise, A & W, launched a new  $\frac{1}{3}$  pound burger to compete with McDonalds  $\frac{1}{4}$  pound burger? A. Alfred Taubman, the owner, hired focus groups which determined that most Americans thought McDonalds burger was a better value because  $\frac{1}{4}$  is greater than  $\frac{1}{3}$ . Many children and adults have many misconceptions and misunderstandings when it comes to fractions.

$\frac{1}{9}$  A light Breakfast and Lunch will be provided

$\frac{1}{3}$  \$175 Registration Fee

SJCOE is offering a full day of professional learning centered around how to best teach fractions in order for our students to develop a full understanding and appreciation of fractions. This event is designed for grades 3 - 8 teachers. The purpose of this learning event is to build your capacity to effectively support your learners in developing fraction fluency.

Where:

San Joaquin County Office of Education  
Wentworth Education Center

**Kingston Room**

2707 Transworld Drive  
Stockton, CA 95206
