

Mathematics ADMIN/COACH PD

Empowering Leaders
for Excellence in
Mathematics
Education
(6th - 12th Grade)

**Have you been wondering what 21st
Century math teaching and learning
looks like?**

Come equip yourselves with knowledge of the skills and strategies needed for effective mathematics instruction, as well as how to effectively support mathematics teachers in fostering positive, strong and robust math learning experiences in mathematics.

Experience and explore tools, look-fors, innovative practices, and resources from the 2023 Math Framework. This is a great opportunity to network with other leaders who are striving to develop collective efficacy in teaching and learning mathematics, ultimately contributing to improved student outcomes in mathematics education.
