Enhancing Check-In, Check-Out (CICO) to Create Effective Student Support

Workshop Information:

Check-In, Check-Out Systems (CICO) have been shown to be an effective support to students with difficulties in organization, attention, or self-regulation.

This workshop will consider components of CICO systems that work and provide participants the opportunity to examine current use of the strategy.

Participant Outcomes:

Participants will learn the key components that are essential to making a CICO system effective.

Participants will leave with examples of CICO systems that address varied ages and developmental needs.

Participants will gain resources that explain how CICO can enhance Multi-Tier Systems of Support (MTSS).
