

# ADR SERIES: #4 FACILITATING COLLABORATION

## Workshop Details

This intermediate level training is for experienced IEP individuals who are interested in learning more about facilitative behaviors; specifically implementing customer service considerations into the IEP process. Participant outcomes include the following: information and the understanding of communication strategies; agreements through collaboration and consensus; building trust and empathy; positions and interests; using visuals to document the IEP process; and role play scenarios of team members.

## Alternate Dispute Resolution

The training is part of the SJC SELPA Alternative Dispute Resolution (ADR) Collaborative Continuum, a network that promotes research based alternative dispute resolution techniques to facilitate communication among team members in the IEP.

This multi-part ADR series starts with a basic introduction to communication skills and moves along to more advanced modules for the seasoned educator. Each module is a stand-alone training so participants do not have to attend all seasons.
