

SERVING DUALY IDENTIFIED ENGLISH LEARNERS

CONNECT* COLLABORATE*CUSTOMIZE

The purpose of this series of webinars and meetings is to create systemic change for our programs which serve Dually Identified students. Together we will use the [CA Practitioners' Guide to Educating English Learners with Disabilities](#) to learn about the updated policies and procedures used to identify, refer, assess, and reclassify English learners with disabilities. We will connect and collaborate to leverage knowledge across departments and districts. We will learn about the many new resources and tools provided throughout the guide which we will use to update and customize policies and procedures appropriate to each district's context.

The Language & Literacy Department invites your district to assemble a small working cohort of interested colleagues willing to devote their time to this process. For best outcomes districts should commit to the following:

1. Create a cohort consisting of:

- SPED Director
- EL Coordinator/Director
- District Decision Maker
- Psychologist

2. Come prepared for each session by watching the recorded webinar before the working cohort date. Most of the working cohort session time will be used collaborating with your district's group.
3. Fully participate in Cohort Meetings
