

# TECHNICAL ASSISTANCE & MONITORING SOIREE

San Joaquin County Office of Education is pleased to host representatives from California Department of Education's Technical Assistance Monitoring Office (TAMO).

The focus will be on English learners prioritizing the lessons learned from previous reviews and how to best meet state and federal requirements. You do not have to be in an FPM monitoring year to attend and this is not a repeat of FPM training.

Please share this with district, county and charter school coordinators, directors of state and federal program, and coordinators of English learner programs, and staff responsible for Federal Program Monitoring.

We hope that you will join us and register with the information below:
