

Differentiation

Key concepts and strategies to support all students' learning

**Deepen Understanding.
Expand Skills.**

As you shift your instruction to address the rigor central to Common Core, you may be wondering how best to support *all* students' learning. Bridging students' learning gaps and helping all learners successfully respond to rigorous prompts, tasks, and activities have become particularly relevant skills for all teachers.

Our Differentiation professional learning series will provide introductory strategies and approaches to help you meet the needs of diverse learners.

Topics addressed will include:

- Growth mindset
- Differentiated Content, Processes & Products
- Instructional Strategies
- Assessment

TCSJ IMPACT Interns: This workshop may count towards the hours of EL support required for your credential. Contact Louise Gammon for confirmation or questions – lgammon@sjcoe.net; 209.468.4926
