

# Looking at Behavior through a New Lens

Presented By: Jodie Dittmar, M.S.— Fresno Diagnostic Center

This workshop is for the new or experienced educator, parent or administrator who can benefit from a fresh set of eyes (or new start) in addressing particularly difficult behavior. In a unique and interactive way, participants will consider impacts on behavior including communication, cognition and anxiety (and reconsider both traditional structures and personal beliefs). A practical look at adult/child relationships, barriers to success, and ideas for renewed energy (for both adult and child) will be included:

## Participants will be able to:

- Note impacts to behavior, including typical and atypical child development, communication and/or adult and child experiences
- Consider self-beliefs and/or skill limits that can impact child or adult
- Consider strategies (and examples) for the classroom and other environments
- Use resources to reengage or reconsider a child's behaviors and needs

## Target Audience:

General and Special Educators, Day Care Providers, Social Workers, Nurses, Paraeducators or Parents
